PUBLIC PROCUREMENT AND DISPOSAL OF PUBLIC ASSETS AUTHORITY

LISTS OF COMMON USER ITEMS AND THEIR AVERAGE PRICES

FINANCIAL YEAR 2019/20

MARCH 2020

FOREWORD

Section 7(n) of the PPDA Act, 2003 empowers the Authority where applicable to determine the prices of works, services and supplies which are used in common by two or more procuring and disposing entities and which may be subject to common procurement; and review the prices from time to time.

This is to forward to you the latest list that was compiled as a product of a survey of market prices as collected from several outlets undertaken by the Public Procurement and Disposal of Public Assets Authority in collaboration with the Makerere University School of Statistics and Planning.

The list provides indicative prices to guide entities during the budgeting process and help entities achieve value for money by benchmarking quoted prices against market prices before contracts are signed. Accounting officers are therefore encouraged to the extent possible to make their own market intelligence to avoid providers over pricing their goods or services.

Though the list does not cover all items that are subject of public procurement, it contains the major items for services, works and supplies.

This list is available on the PPDA website www.ppda.go.ug.
