(List attached)

**RE: IMPLEMENTATION OF THE GOVERNMENT PROCUREMENT PORTAL**

The Government of Uganda in a bid to improve transparency and accountability in public procurement systems developed a Government Procurement Portal. Government Procurement Portal is the first step in the Government's long term objective of achieving full e-Government Procurement system (e-GP).

The Government Procurement Portal is a one stop solution that combines the services of three previously used platforms: the Public Procurement Measurement System (PPMS); the Tender Portal as well as the Register of Providers (RoP).

Some of the functionalities and information available on Government Procurement Portal include: upload of procurement plans, upload of disposal plans, upload of bid notices, upload of contract information, best evaluated bidder information, suspended bidders-Local and International as well as an interface with the PPDA list of registered providers.

The system was launched in June 2015 and since then; training activities have been carried to familiarize procurement staff including those at your entity on its functionality.

The purpose of this circular therefore, is to request you to start using the Government Procurement Portal. You should ensure that your respective

*Mission*

*"To formulate sound economic policies, maximize revenue mobilization, ensure efficient allocation and accountability for public resources so as to achieve the most rapid and sustainable economic growth and development"*

Procurement and Disposal Unit upload all information on procurement from planning to contract management. You should also ensure that the Best Evaluated Bidder (BEB) notices and procurement reports are printed off the system. Given that your staff had training on the system, this circular should be implemented with immediate effect.

  
Patrick Ocailap

**For: PERMANENT SECRETARY/ SECRETARY TO THE TREASURY**

**Copy to:** Auditor General

Accountant General

Executive Director, Public Procurement and Disposal of Public Assets Authority
